PROJECTS

A Notes Sharing Web-Application

📅 12/2024 - Present   📍 Ahmedabad, India

🔗 https://github.com/man-navlakha/pxc

A web application designed for college students to share and access educational content efficiently.

- Developed the frontend of an educational content-sharing web application for college students. Built the user interface using React.js, Tailwind CSS, and JavaScript, ensuring a responsive and visually appealing design. Integrated API routes and managed authentication using cookies. Designed UI/UX elements, created and structured all pages, and optimized the user experience for seamless navigation and accessibility.
